Alma,

Thank you for calling me yesterday. Unfortunately I am going to have to be the one to re-schedule this time. An urgent personal matter has come up and I will have to attend to it tomorrow morning. I would like to try to plan another time when the commander may have sometime after the start of the year.

Could you please advise that you have received this message? Thank you

Good Afternoon Mr. Nakano,

I am very sorry but Commander Arcos' schedule for tomorrow has changed and he will not be able to meet with you tomorrow morning, November 24th, for the breakfast/meeting we had originally scheduled for 9:00 a.m. He sends his regrets and apologies. For the next several weeks he will be Acting for our Bureau Chief and then will be on his vacation, so it might be a bit before I can get back to you with a new date/time. Once again, our apologies. I've made some edits and resized a couple of things  
to get it on one page. Need to clean up the box with.  
LEAPS in it.

And we need to shift the times. Jim doesn't  
speak until 9:30 so we need another speaker from the  
DA's office or change the times to cover Jim's  
speaking window.

Once we get that decided, we can go live with  
registration.

#yiv7054412970 Jordan, I think it's okay, but I  
would  
recommend a couple of changes.

1. Not everyone  
knows what Prop 47  
is. So perhaps the title change to "Opening Our  
Prisons:  
The Impact of Prop 47" or something  
similar.2. The fact that  
Sheriff McDonnell is  
our keynote should have his name in bold letters to  
draw attention. It's a big  
deal.3. Is Noon the release  
time? I  
thought we said 11:30. It might make a  
difference.4. The phone number  
for the leaps  
text is only 6 digits. Is this correct?

Otherwise, good to  
go! Barry A. Bradley,

## NOTIFICATION OF NEW ENTITLEMENT APPLICATIONS – EARLY NOTIFICATION REPORT

To: Business Improvement District (BID) Contacts

From: Iris Fagar-Awakuni, BID Liaison

Subject: LA City Planning BID Case report

Attached is the Planning Department's bi-weekly Early Notification Report for Business Improvement Districts (BID's). The purpose of this report is to provide BID's with the earliest possible information about all applications for planning entitlements that have been filed in your BID area, even though not all applications are complete and some cases may eventually be withdrawn. Included in the report is contact information about the applicant so your BID can obtain more information about the project very early in the process. A separate report is shown for each BID. You will see that the report is provided in PDF and Excel formats.

The information in the report is sorted by BID. If there are any questions, please contact Iris Fagar-Awakuni at [\(213\) 978-1249](tel:(213)978-1249) or [Iris.Fagar-Awakuni@lacity.org](mailto:Iris.Fagar-Awakuni@lacity.org).

Haha thanks Ken! I still left the email to street lighting in case it's still off. They're one of the fastest responding city departments which is awesome.

I'm sure Jessica from our office will say the same thing ;)

As soon as it was noticed a work order was placed through the city system, however they turned on. I am thinking it was storm related as well.

And thank you to everyone who is doing this. Friendly, positive outreach and interaction with our businesses - making sure they are informed, and know this is a huge business opportunity for them and we WANT them involved - is what sets us apart from so many other downtown events that use Broadway as little more than a background set.

We celebrate the street and everyone involved on it.

THANK YOU!

Hi everyone! We will be conducting business outreach walks for NOB each week to raise awareness about the event and to do the following:

1. Hand out event flyers
2. Hang event posters in store windows
2. Ask about 10-15% TAP card discount + website promo
3. Give an FYI to businesses to stock up on product/businesses to stay open late
4. Ask about potential for NOB drink/dinner specials night-of
5. Get management contact info for follow up during week leading up to event

This week we will meet on Saturday, Jan. 9 @ 12pm outside of Grand Central Market on Broadway. We will cover the event area and surrounding streets. Don't forget to wear your walking shoes!

**Subject:** Preventive storm preps along the LA River

Dalia --

This week, Angelenos got a taste of the powerful and steady rain associated with El Niño weather patterns. Specifically we witnessed the waters of the LA River roar to life.

Exercising an abundance of caution, the United States Army Corps of Engineers (USACE) will implement emergency flood protection measures that will affect my constituents in Atwater Village and Elysian Valley.

Starting next week, the Army Corps will clear out mostly non-native brush and vegetation in the Burbank area to facilitate the water flow down-river, which will help avoid any unlikely levee breaches.

Crews will also secure areas along the River with 4-foot tall industrial-sized 'sandbags' --or Hesco barriers-- from Griffith Park's headwaters to Elysian Valley. This will raise the walls and help prevent possible flooding.

In order to start this work, I will introduce a motion next week that will allow the Army Corps right-of-way entry to the levees. This will require closing some sections of the LA River bike and pedestrian pathway on an as needed basis through mid-April and before the start of the recreation zone in May.

The unpredictable nature of this particular El Niño pattern requires us to take special preventive measures for those who live in the neighborhoods along the river. I want to thank you in advance for understanding there may be temporary inconveniences when accessing the River, and I want to thank the Army Corps, the County Department of Public Works, and our own City departments for their efforts to improve public safety during the winter months.

Please feel free to share this information directly from my [website](#).

Warm regards,

Mitch O'Farrell

Hi everyone,

Street lighting responded that they have done maintenance on some long term issues around that area and have fixed all outages except one on 7th St that requires more work. They are scheduling that for this week and will have it up and running soon. Please feel free to let me know if there's anything else our office can help with!

It takes a village. Thanks all!

Ken, in the past, there have been chronic outages on these lights, so I like your idea to stay on top of these lights.

It would appear that it was a temporary outage. They were definitely on earlier in the evening. When I noticed they were out I immediately text Hal to see if he could help, that was around 715pm. They came on about ten minutes ago. So thanks to everyone for their support.

Please look at the attached Badge Mock-up.... My recommendation is that we take out the City Seal .... perhaps we can develop our own two-eagle seal to symbolize LE and PS or a face-on "leaping" animal (like the attached Tiger Logo, but customized for us...)

Please respond with your suggestions.... I would like to use the badge on our symposium credentials....

Carol,

Hope you are well. Shocked to hear your news!!!

I wanted you to know that we received the attached Public Records request. Have no idea the basis, but we have started gathering records. Any idea why we are being asked?

Regardless, I am sure there will be nothing of interest. Still, i wanted to give you a heads up.

Talk soon.

Dear Ysabel,

I'd like to inspect copies of all correspondence, both digital and analog, sent to or received from Carol Schatz by anyone at the Mayor's office between January 1, 2015 and December 31, 2015.

Ideally, pursuant to section 6253.9(a) of the CPRA, I'd like the emails in the electronic format in which they're stored on Google's servers, .PST most preferably, or individual .EML files. Experience has shown, however, that the city of LA doesn't feel bound by this part of the law. Consequently, may I suggest a reasonable compromise, which is that you send me PDFs for free and copies of any attachments in their original

electronic format?

In any case, if possible, can you supply the documents as they become available if there are a lot of them?

Thanks for everything!

Adrian

Please look at the attached Badge Mock-up.... My recommendation is that we take out the City Seal .... perhaps we can develop our own two-eagle seal to symbolize LE and PS or a face-on "leaping" animal (like the attached Tiger Logo, but customized for us...)

Please respond with your suggestions.... I would like to use the badge on our symposium credentials....

Carol,

Hope you are well. Shocked to hear your news!!!

I wanted you to know that we received the attached Public Records request. Have no idea the basis, but we have started gathering records. Any idea why we are being asked?

Regardless, I am sure there will be nothing of interest. Still, i wanted to give you a heads up.

Talk soon.

To: Ysabel Jurado <[ysabel.jurado@lacity.org](mailto:ysabel.jurado@lacity.org)>

Dear Ysabel,

I'd like to inspect copies of all correspondence, both digital and analog, sent to or received from Carol Schatz by anyone at the Mayor's office between January 1, 2015 and December 31, 2015.

Ideally, pursuant to section 6253.9(a) of the CPRA, I'd like the emails in the electronic format in which they're stored on Google's servers, .PST most preferably, or individual .EML files. Experience has shown, however, that the city of LA doesn't feel bound by this part of the law. Consequently, may I suggest a reasonable compromise, which is that you send me PDFs for free and copies of any attachments in their original electronic format?

In any case, if possible, can you supply the documents as they become available if there are a lot of them?

Thanks for everything!

Adrian

**Subject:** SMALL LOT ORDINANCE: Your input is needed

Dalia --

I encourage you to attend a meeting to provide input on an important planning and land use topic that affects the district.

On July 1, 2015, [I introduced a motion](#) instructing the Planning Department to report back on updating the Small Lot Ordinance. I want to give the ordinance some teeth and make the guidelines enforceable, as well as encourage adaptive reuse, require onsite trash collection, and provide guest parking.

After six months of my staff working with the Department, the revisions are ready for review. There will be three public hearings in late January, one of which will be in CD13.

Open House: 5:30-7:00 PM  
Hearing: 7:00 PM

Grace E. Simons Lodge

Los Angeles, CA 90012

I want to thank my colleagues on the City Council for working with me on addressing the need for these updates and moving this item forward through the public process.

Warm regards,

Mitch O'Farrell

## **O'FARRELL, LADOT DEDICATE NEW PEDESTRIAN IMPROVEMENTS AT ECHO PARK LAKE**

ECHO PARK - Los Angeles City Councilmember Mitch O'Farrell, the Los Angeles Department of Transportation, local residents, and business owners on Friday dedicated a newly installed traffic signal and pedestrian crosswalk at Laguna and Echo Park Avenues, directly across the street from historic Echo Park Lake. The installation was part of the \$6 million that the Los Angeles City Council allocated for traffic signal improvement projects in FY14-15.

This latest park enhancement is just one of several that have taken place since the Councilmember took office in July of 2013. Since that time, the Councilmember restored the boathouse to its original color, funded the solar power trash receptacle program, installed specially designed bike racks, and worked with the Los Angeles Department of Recreation and Parks (RAP) on a \$1.5 million dollar sidewalk improvement project around the lake. Currently, the Councilmember is working on plans with RAP on a new skate park at the Echo Park Recreation Center across from the Lake.

**O'FARRELL HIGHLIGHTS PLANTING OF 140 NEW TREES IN GLASSELL PARK**

GLASSELL PARK -- Los Angeles City Councilmember Mitch O'Farrell, along with city officials and local residents, completed a beautification project on Thursday by finishing off the planting of 140 new trees along San Fernando Road and Fletcher Drive.

In addition to a larger streetscape improvement plan for Glassell Park, the tree planting is part of the city-wide 'What a ReLeaf Program' which is a federal grant that aims to green our main corridors across Los Angeles. The Councilmember worked with the Bureau of Sanitation to identify a road in need in the 13th District and funding for tree purchase, installation and labor, and future maintenance.

# OUR VALLEY NEWS

PAULKREKORIAN.ORG

KREKORIAN

PAULKREKORIAN

Dear Friend:

Graffiti is a huge problem throughout Los Angeles. It impacts businesses, billboards, schools, public places and our homes. Some vandals even deface beautiful murals and public art pieces. The destruction and defacement of murals and spaces in our neighborhoods leaves a lasting effect on our quality of life.

I'm proud to report that this week the City Council unanimously voted to approve my anti-graffiti law to keep our communities clean, beautiful and safe. The new law will crackdown on graffiti crimes by doubling the reward for information leading to the arrest and conviction of graffiti vandals from \$1,000 to \$2,000 in each case.

No one wants graffiti defacing their neighborhood. I hope this new law discourages taggers by putting them on notice that they will be prosecuted and encourages residents to help us prevent them from vandalizing our communities.

In the Second District, I launched a community campaign to remove graffiti blight from our neighborhoods and to ask residents to do their part by reporting graffiti vandalism. Over the

course of a year, the campaign -- #NoTag CD2 -- has made a dent in graffiti vandalism in the southeast San Fernando Valley. Many people have contacted my office by phone, email and social media to notify me when they see graffiti vandalism. My team then jumps into gear to get the graffiti removed in less than 48 hours.

Last year, our community campaign was responsible for the removal of nearly 1.3 million square feet of graffiti from 28,000 locations. As chair of the Budget and Finance committee, I also helped allocate \$7.5 million in the 2015-2016 budget to remove graffiti from our neighborhoods.

Our collective efforts are making a difference in this fight, but we can only succeed in stamping out graffiti blight if we keep working together both in City Hall and in our neighborhoods.

Very truly yours,

Councilmember Paul Krekorian, District 2

## TOP STORIES

### LA Sets Record As Tourism Hot Spot

LOS ANGELES - The City of Angels announced record-breaking numbers in tourism growth for its fifth consecutive year. In 2015, LA welcomed 45.5 million visitors, a 1.3 million increase from 2014.

According to the Los Angeles Tourism and Convention Board, the city's growth in the tourism

sector continues to rise amid major infrastructure upgrades to LA's skyline, its expanding transit network and the modernization of LAX. More than 6.7 million international visitors chose LA as their destination, with a 13 percent increase in tourism from China to LA and an 11 percent increase in visitors from South Korea.

"Whether it's the sunny beaches and scenic landscape, our diverse communities and cuisines, or the lure of movie magic, our city has something to offer everyone who visits," said Councilmember Krekorian. "We're making tremendous investments into LA's future as a modern global city that is transit friendly, open for business and celebrates innovation."

## LAFD Is Saving Lives

LA firefighters battled a structure fire last June at a Toluca Lake apartment building. | Photo by Mike Meadows

LOS ANGELES - The Los Angeles Fire Dept. reported a 54 percent drop in structure fire-related fatalities in 2015. The statistic accounts for 11 structure fire-related civilian deaths last year.

In 2014, the LAFD developed the Smoke Alarm Field Education (SAFE) Program as a result of a series of fire-related fatalities. The program is deployed immediately following a serious injury or fatality residential structure fire. Teams of LAFD firefighters canvas homes in the affected neighborhood to provide safety information, check existing smoke alarms, and distribute new smoke alarms and batteries to households in need. In 2015, the LAFD also partnered with MySafe:LA, a non-profit fire and life safety organization.

In addition to the smoke alarm program, the LAFD Community Risk Reduction Section will soon roll out a new CPR education campaign and a safety assessment program to reduce injuries among the elderly.

Councilmember Krekorian, who chairs the Budget and Finance committee, has led the effort to restore fire services, improve the department's resources and response times and ensure greater public safety. In the 2015-2016 fiscal year, the City Council approved an additional \$55 million for the LAFD, including millions for fire safety equipment, more ambulances and

technology upgrades.

## Sharing the Burden to Prepare for the Big One

Earthquake damage during the 1994 disaster. | Photo: Wikimedia

LOS ANGELES - The City Council passed an agreement to approve cost-sharing between building owners and tenants that will lead to retrofitting buildings with mandatory earthquake safety upgrades.

The decision came after multiple housing studies by city officials and a year of community meetings with stakeholders, engineers, tenant groups and owners to propose the cost compromise. Building owners can only pass half of the retrofit costs to tenants through rent increases over a 10-year period, with a maximum increase of \$38 per month.

The move follows last year's passage of LA's historic earthquake safety law, which aims to retrofit nearly 15,000 buildings in the city with seismic safety measures. The Dept. of Building and Safety is finalizing the list of buildings that must comply with the new law.

"This policy will dramatically increase our city's preparedness for future earthquakes and save people's lives," said Councilmember Krekorian. "As we witnessed in the 1994 Northridge quake, soft-story buildings are vulnerable to damage and destruction when an earthquake hits, putting people and property in grave danger. Our city is moving toward a fair and sensible seismic retrofitting mandate that will both increase the safety of our residents and the health of our infrastructure."

Get Involved in  
Your Neighborhood Council This Election Season

LOS ANGELES - The LA City Clerk is accepting applications for candidates in the 2016 Neighborhood Council elections from now through April 26.

To get involved and run for a seat on your local Neighborhood Council, read the candidate registration guidelines and [learn what it means to be a candidate](#).

Neighborhood Councils play an integral role in increasing civic engagement in LA's communities. From having decision-making powers on community planning, neighborhood safety, park and street improvements to supporting local schools, emergency planning and organizing community events, NC members work in close partnership with city leaders to affect change in their neighborhoods.

This year, the Dept. of Neighborhood Empowerment is also launching an online voting pilot program for 35 of the city's 96 neighborhood councils, which will allow voters to register in advance of the election day and vote from a desktop computer, a tablet or a smart phone. ## COMMUNITY CORNER

### Tips On Being a Good Neighbor

LOS ANGELES - Are you hearing noisy pets or seeing bulky items on sidewalks or in alleyways? Are trash bins left out all week on the street? Are there abandoned cars in your community? If you spot problems in your local neighborhood, learn how you can connect with city departments and services to keep the community clean, safe and livable.

**Did you know** property owners or other occupants are responsible for keeping the sidewalk in front of their house, place of business or premises, free of trash, overgrown vegetation and debris? The Bureau of Street Services street-use division can assist if you have questions. Call 3-1-1 to find out more.

**Did you know** a household is allowed a maximum of five two-day yard sales per year and sale items must be used (not new merchandise)? Sales are also not allowed on the sidewalks or streets and hours are limited from 9 a.m. to 5 p.m. If you have more questions about hosting a yard sale, call the City Clerk's Office of Finance in the Valley area at (818) 374-6850 for more information.

**Did you know** car alarms must be silenced within five minutes of sounding and leaf blowers may not be used before 7 a.m.? To report loud noises or similar issues, contact 311 or call the LAPD non-emergency hotline: (877) 275-5273.

In future issues of *Our Valley News*, we'll continue to bring you more tips and information on how to enhance the quality of life in your neighborhood.

**Subject:** Broadway Street Closure this Wednesday Morning Jan 20th

A First Amendment Street Closure Permit has been issued by the Los Angeles Police Commission for this Wednesday Jan 20th. The permit allows for the closure of Broadway from 8:30 AM until 10 AM.

According to the plan, the group of approximately 200 called "LA Coalition against Wage Theft" will:

**7:30 AM** Assemble at Olympic and Broadway

**8:30 AM** March northbound Broadway to First Street, then eastbound on First to Main Street, then again northbound on Main Street, stopping between First and Temple Streets.

**10:00 AM** Disband from Main Street north of First Street

Although this is a full street closure, the streets will be re-opened as soon as the group passes northbound.

LAPD and DOT will be on scene to facilitate the lawful expression of First Amendment Rights and provide street closures for the safety of the participants.

Please plan accordingly and pass this information on to anyone who may be adversely effected.

Hey there,

Thank you so much for meeting with me last week! I wanted to see if you have any other questions or any updates? The Councilmember would like the funds to go towards the new initiative C3, not sure if you're familiar with that but I'm happy to fill you in. We're actually really excited about that and think its such a great idea. That's another question that has been figured out and he did approve the locations so I would like to run them by you as well if this is something you are all interested in.

With that, the program is definitely on its way with just a couple last minute things to hash out. Happy to jump on a call if needed. Let me know what you need from me.

Thanks  
Diana

Hi everyone,

Attached is the volunteer assignment sheet detailing where each volunteer is assigned and when.

The general understanding I had for tomorrow based on our discussion tonight was:

1. Julia and I would welcome everyone, thank them for volunteering
2. Julia and I would introduce J2 and Katie
3. J2 and Katie would give an overview of the event
4. While they are speaking, Julia and I would hand out the volunteer packets
5. J2 would introduce Joella
6. Joella would go over the handouts and event logistics (detailed in the previous agenda)
7. Q&A
8. End of Presentation
9. Attendees would line up for Julia and I (and whoever else has a laptop) to tell them their assignments based on the attached spreadsheet
10. Small groups comprised of each theater/ block/ focus (i.e. food trucks, kid zone, etc.) would meet to discuss particulars.
11. Each group would break as they finished and people would be allowed to leave

General thoughts regarding small break out groups:

- Will there be someone there representing each of these groups (5-6th Street, Los Angeles Theater, Chess Boxing...) to help facilitate conversation, and give more particulars about the specific event they will be helping with?
- If we don't have someone there from the management side, will it be more confusing for them to meet together and not have a captain with them?
- However, meeting with or without a captain may have the perk of letting them meet each other, which may create more of an accountability/ teamwork setting for the night of.

Thoughts?

What time should we be there tomorrow to do final prep for the meeting?

Thanks so much.

-Lyndi

Hi everyone,

Attached is the volunteer assignment sheet detailing where each volunteer is assigned and when.

The general understanding I had for tomorrow based on our discussion tonight was:

1. Julia and I would welcome everyone, thank them for volunteering
2. Julia and I would introduce J2 and Katie
3. J2 and Katie would give an overview of the event
4. While they are speaking, Julia and I would hand out the volunteer packets
5. J2 would introduce Joella
6. Joella would go over the handouts and event logistics (detailed in the previous agenda)
7. Q&A
8. End of Presentation
9. Attendees would line up for Julia and I (and whoever else has a laptop) to tell them their assignments based on the attached spreadsheet
10. Small groups comprised of each theater/ block/ focus (i.e. food trucks, kid zone, etc.) would meet to discuss particulars.
11. Each group would break as they finished and people would be allowed to leave

General thoughts regarding small break out groups:

- Will there be someone there representing each of these groups (5-6th Street, Los Angeles Theater, Chess Boxing...) to help facilitate conversation, and give more particulars about the specific event they will be helping with?
- If we don't have someone there from the management side, will it be more confusing for them to meet together and not have a captain with them?
- However, meeting with or without a captain may have the perk of letting them meet each other, which may create more of an accountability/ teamwork setting for the night of.

Thoughts?

What time should we be there tomorrow to do final prep for the meeting?

Thanks so much.

Hi everyone,

Attached is the volunteer assignment sheet detailing where each volunteer is assigned and when.

The general understanding I had for tomorrow based on our discussion tonight was:

1. Julia and I would welcome everyone, thank them for volunteering
2. Julia and I would introduce J2 and Katie
3. J2 and Katie would give an overview of the event
4. While they are speaking, Julia and I would hand out the volunteer packets
5. J2 would introduce Joella
6. Joella would go over the handouts and event logistics (detailed in the previous agenda)
7. Q&A
8. End of Presentation
9. Attendees would line up for Julia and I (and whoever else has a laptop) to tell them their assignments based on the attached spreadsheet
10. Small groups comprised of each theater/ block/ focus (i.e. food trucks, kid zone, etc.) would meet to discuss particulars.
11. Each group would break as they finished and people would be allowed to leave

General thoughts regarding small break out groups:

- Will there be someone there representing each of these groups (5-6th Street, Los Angeles Theater, Chess Boxing...) to help facilitate conversation, and give more particulars about the specific event they will be helping with?
- If we don't have someone there from the management side, will it be more confusing for them to meet together and not have a captain with them?
- However, meeting with or without a captain may have the perk of letting them meet each other, which may create more of an accountability/ teamwork setting for the night of.

Thoughts?

What time should we be there tomorrow to do final prep for the meeting?

Thanks so much.

Let's arrive at 5:30pm to prepare. It's my understanding you guys are meeting with Joella today to hammer out some of the details and finalize the agenda. Please send the agenda over so we can print it once its ready. There wont be the theatre and block captains present tonight but we will be able to handle it between us the briefing for the volunteers since we have intimate knowledge of whats going on.

Hi everyone,

Attached is the volunteer assignment sheet detailing where each volunteer is assigned and when.

The general understanding I had for tomorrow based on our discussion tonight was:

1. Julia and I would welcome everyone, thank them for volunteering
2. Julia and I would introduce J2 and Katie
3. J2 and Katie would give an overview of the event
4. While they are speaking, Julia and I would hand out the volunteer packets
5. J2 would introduce Joella
6. Joella would go over the handouts and event logistics (detailed in the previous agenda)
7. Q&A
8. End of Presentation
9. Attendees would line up for Julia and I (and whoever else has a laptop) to tell them their assignments based on the attached spreadsheet
10. Small groups comprised of each theater/ block/ focus (i.e. food trucks, kid zone, etc.) would meet to discuss particulars.
11. Each group would break as they finished and people would be allowed to leave

General thoughts regarding small break out groups:

- Will there be someone there representing each of these groups (5-6th Street, Los Angeles Theater, Chess Boxing...) to help facilitate conversation, and give more particulars about the specific event they will be helping with?
- If we don't have someone there from the management side, will it be more confusing for them to meet together and not have a captain with them?
- However, meeting with or without a captain may have the perk of letting them meet each other, which may create more of an accountability/ teamwork setting for the night of.

Thoughts?

What time should we be there tomorrow to do final prep for the meeting?

Thanks so much.

-Lyndi

Julia / Lyndi - great job on tonight's meeting. It was definitely a cool feeling to see a room full of eager people ready to act for NOB. Thank you both for your coordination in getting volunteers on board.

Per our convo tonight, volunteers will get fast pass wristbands at the end of their shifts. This will act as a perk for volunteers to show up as well as be a thank you for their help once they've finished their shift.

Joella has been flagged on this new count needed. Wristbands are set for delivery Monday. Please start a tentative count of how many wristbands you will need once your secondary volunteer blast goes out to volunteer no-shows from tonight. Happy to set aside 100 initially but want to be sure we have enough for you night-of. Can you get me a rough count by Tuesday?

Hey there,

Thank you so much for meeting with me last week! I wanted to see if you have any other questions or any updates? The Councilmember would like the funds to go towards the new initiative C3, not sure if you're familiar with that but I'm happy to fill you in. We're actually really excited about that and think its such a great idea. That's another question that has been figured out and he did approve the locations so I would like to run them by you as well if this is something you are all interested in.

With that, the program is definitely on its way with just a couple last minute things to hash out. Happy to jump on a call if needed. Let me know what you need from me.

Thanks  
Diana

Hi:

By way of introduction I'm DTLA resident and former LA Times reporter Catherine Saillant. I'm interested in drilling down on the details not only as a resident but in my current job as Communications Manager for the City of LA's Economic & Workforce Development Department.

Hey there!

You're getting this email because our office has talked to you about being a part of our **DTLA Forward Guerrilla Marketing Campaign**.

**WHAT?** If this sounds totally foreign to you and you have no idea what I'm talking about, stop right here and email me. Would love to catch you up and see if you could help us out on this really exciting initiative spearheaded by Councilmember Huizar. Email me now and let's find some time to talk so I can explain further!!

**GO ON....** If this sounds totally familiar and you were on the conference call that Diana and Anika held a few weeks ago, great! We're at the point where we'd like to invite you to be a part of our DTLA Forward Guerrilla Marketing Street team.

To give you a quick refresher, DTLA Forward is an initiative spearheaded by Councilmember Huizar. The initiative will serve as a clearing house for all the work we do in Downtown to improve, renew, revamp and reclaim public space in DTLA. This includes our streets, our parks, our sidewalks our alleys etc. (For more talking points on the initiative, see attached)

We're planning to launch DTLA Forward in mid-February. We've been working with our AMAZING partner, Gensler, to create a brand for the initiative and prior to the launch, we're going to attempt to execute a guerrilla marketing campaign to promote the initiative in DTLA-fashion using street art to celebrate the urbanity of this part of the city.

**This is where you come in.** We need some help from people like y'all to help us spread the brand throughout Downtown using street art techniques. We also need help spreading awareness of the brand through social media. This involves stenciling (using temporary eco-friendly chalk spray paint) and wheat-paste posters on approved construction walls throughout the neighborhood. This also includes posting photos of this work on your Facebook, Insta, Twitter, Snapchat and spreading word throughout your social networks.

**Are you in?** We're ready to execute this campaign next week. Thursday, January 28th between 4:00-9:00 PM to be exact. You can drop in whenever you get off work. **If you're game, click [here](#)** and quickly fill out the sign-up form. Once you do so, Anika, Diana and myself will get back to you with more instructions for next Thursday. Can't wait to see you out on the streets of DTLA!

Sara

P.S. You are in the know in regards to the roll-out of this brand but please keep this knowledge confidential.

**Subject:** Re: NOB is in ONE WEEK - We Need Committee Volunteers!!

Yes! All, first, let me say a HUGE thank you for all your work, collaboration and contribution of ideas and efforts during the planning of this year's Night on Broadway. The event is bigger, better and more organized because of each one of you. And soon, 50,000 Angelenos will enjoy it!

We're almost there, and as the unstoppably awesome J2 said, we need you on the big night, too, because YOU are the ones we know we can count on.

Please let us know what shift or shifts you are able to work, and we will plug you in! There's plenty of tasks to keep everyone busy!

Again, THANK YOU!

Jessica

Hi Team NOB - We are getting so close to the finish line!! Only one more week until NOB 2016! It certainly has been a team

effort and we are especially going to need to come together the night of the event!

If you aren't sure how you can help the night-of, please contact Julia and Lyndi, our volunteer coordinators cc'd on this email, and they will find something for you to do. And trust me, we have a lot to do! We will need trusted committee members that evening who we can count on! You can help for one shift, or be a diehard and volunteer the whole event!

Please let Lyndi and Julia know ASAP (like by tomorrow!) since they're working to get everything finalized this weekend.

It's been so awesome to work with all of you! See you next Saturday, if not sooner!

Sincerely,  
J2

It comes out really hard to read at the 150x150 size, so if you can send something over that's square that just has Night On Broadway and the date and time that would be ideal. It serves as a prompt to click through to the event for more info.

It comes out really hard to read at the 150x150 size, so if you can send something over that's square that just has Night On Broadway and the date and time that would be ideal. It serves as a prompt to click through to the event for more info.

Good Evening everyone. I hope this message finds you well. I wanted to do a summary of the services regarding trash/street cleanup for the upcoming Night on Broadway event scheduled for this Saturday. But, first let me say thank you for all of your support. It means a whole lot to everyone involved.

OK, here goes.

We officially have the street closure set on Friday at 12pm to Sunday 3am from 2<sup>nd</sup> to 4<sup>th</sup>. Then, we have Saturday from 6am to Sunday 3am from 4<sup>th</sup> to 7<sup>th</sup>.

We have four entities involved to help keep our event and streets tidy.

- Both BIDs will continue to monitor and service their bins already in place within the closure. (Please note, attendees will be walking all the way down to the ACE, by Olympic, for shows... )
- Sanitation will be placing additional black and blue bins out for attendees to use strictly within the closure. They will only be servicing those bins.
- Sanitation is also bringing a roll off which will be placed off Broadway on the north side of 4<sup>th</sup> street. They have welcomed us to deposit trash in it as well.
- Street Services will be coming by late after our complete is over to do Street Sweeping.

If possible, can you please share who your day of contact will be? Including their cell phone.

Please let me know if you have any questions.

In addition, to review details once more Bladimir would like to have a short call to confirm the above. Please confirm you can make a call this coming Wednesday at 1030am. Please call [712.832.8310](tel:712.832.8310). Passcode 299218.

Again, thank you and I look forward to working with you all over the next few days!

Mr. Molnar,

We are familiar with the individual that you are speaking of. There have been occasion to arrest him in the past however, when those occasions have occurred there was a victim who was willing to press charges for specific incidents. Unfortunately his activities of yelling or screaming at people do not allow for his arrest as it is not a crime. We share your concern for his mental health and consistently send out our homeless outreach team there to try and offer assistance. If he does become violent and we have any individuals who are victims of a crime willing to press charges, then we are more than willing to assist that victim with a private person's arrest. We shall also increase our patrols and checks on his wellness in attempt to curb his activity. I have also CC'd in this e-mail LAPD Senior Lead Officer Dan Reedy who covers that area so that he is aware of your concerns on this individual.

To:

[purplepatrol@downtownla.com](mailto:purplepatrol@downtownla.com)

To Whom It May Concern:

I am highly concerned for the safety of myself, my colleagues, and everyday pedestrians that walk by a seemingly mentally unstable and homeless man, who regularly sits in a wheelchair,

screaming and yelling and cursing at the top of his lungs, at the corner of 8th & Figueroa streets (parking lot corner).

He is there almost every morning and almost every night. I've witnessed him yelling and screaming at obviously scared people who are just trying to cross the street; I've seen him get into a shouting match with a business man who was walking by in the morning; he jumped out of his wheelchair and bumped into our group as we were walking to our car park; he's thrown an object at me before; and I've witnessed him spitting at pedestrians.

I am uncertain as to his mental stability, and do have a fear that he could be physically violent towards myself and others, as I've already witnessed him doing various verbal and physical threats.

I have grown exhausted of having to deal with this on a daily basis, and not only in the morning on my way to the office, but on the way home as well. He is there constantly and I am requesting that he be removed, not just for one day, but that it is ensured he does not loiter on that corner every single day, morning and evening, harassing individuals.

Can I please ask that this be looked into immediately, as this has gone one for a year now. If your department is unable to rectify this, then I will then resort to going directly to the Los Angeles Police Department.

Thank you.

Hey there,

Thank you so much for meeting with me last week! I wanted to see if you have any other questions or any updates? The Councilmember would like the funds to go towards the new initiative C3, not sure if you're familiar with that but I'm happy to fill you in. We're actually really excited about that and think its such a great idea. That's another question that has been figured out and he did approve the locations so I would like to run them by you as well if this is something you are all interested in.

With that, the program is definitely on its way with just a couple last minute things to hash out. Happy to jump on a call if needed. Let me know what you need from me.

Thanks

## NOTIFICATION OF NEW ENTITLEMENT APPLICATIONS – EARLY NOTIFICATION REPORT

To: Business Improvement District (BID) Contacts

From: Iris Fagar-Awakuni, BID Liaison

Subject: LA City Planning BID Case report

Attached is the Planning Department's bi-weekly Early Notification Report for Business Improvement Districts (BID's). The purpose of this report is to provide BID's with the earliest possible information about all applications for planning entitlements that have been filed in your BID area, even though not all applications are complete and some cases may eventually be withdrawn. Included in the report is contact information about the applicant so your BID can obtain more information about the project very early in the process. A separate report is shown for each BID. You will see that the report is provided in PDF and Excel formats.

The information in the report is sorted by BID. If there are any questions, please contact Iris Fagar-Awakuni at [\(213\) 978-1249](tel:(213)978-1249) or [Iris.Fagar-Awakuni@lacity.org](mailto:Iris.Fagar-Awakuni@lacity.org).

Hey there!

You're getting this email because our office has talked to you about being a part of our **DTLA Forward Guerrilla Marketing Campaign**.

*WHAT?* If this sounds totally foreign to you and you have no idea what I'm talking about, stop right here and email me. Would love to catch you up and see if you could help us out on this really exciting initiative spearheaded by Councilmember Huizar. Email me now and let's find some time to talk so I can explain further!!

*GO ON....*If this sounds totally familiar and you were on the conference call that Diana and Anika held a few weeks ago, great! We're at the point where we'd like to invite you to be a part of our DTLA Forward Guerrilla Marketing Street team.

To give you a quick refresher, DTLA Forward is an initiative spearheaded by Councilmember Huizar. The initiative will serve as a clearing house for all the work we do in Downtown to improve, renew, revamp and reclaim public space in DTLA. This includes our streets, our parks, our sidewalks our alleys etc. (For more talking points on the initiative, see attached)

We're planning to launch DTLA Forward in mid-February. We've been working with our AMAZING partner, Gensler, to create a brand for the initiative and prior to the launch, we're going to attempt to execute a guerrilla marketing campaign to promote the initiative in DTLA-fashion using street art to celebrate the urbanity of this part of the city.

**This is where you come in.** We need some help from people like y'all to help us spread the brand throughout Downtown using street art techniques. We also need help spreading awareness of the brand through social media. This involves stenciling (using temporary eco-friendly chalk spray paint) and wheat-paste posters on approved constructions walls throughout the neighborhood. This also includes posting photos of this work on your Facebook, Insta, Twitter, Snapchat and spreading word throughout your social networks.

**Are you in?** We're ready to execute this campaign next week. Thursday, January 28th between 4:00-9:00 PM to be exact. You can drop in whenever you get off work. **If you're game, click [here](#)** and quickly fill out the sign-up form. Once you do so, Anika, Diana and myself will get back to you with more instructions for next Thursday. Can't wait to see you out on the streets of DTLA!

Sara

P.S. You are in the know in regards to the roll-out of this brand but please keep this knowledge confidential.

Hi Sara,

Congratulations on kicking off this exciting campaign! I was on the introductory call a few weeks ago but I don't believe I'm on your ongoing email list for the initiative. Would it be possible to add me to it?

Unfortunately, I cannot make it tomorrow evening but we can absolutely promote on DowntownLA.com social media networks and help in other ways. I'm happy to discuss further as far as timing, messaging, etc. goes.

Set it as you can and I'll come on if I can. Crazy times right now. For everyone.

Katie and I just thought of a volunteer need - one of the early birds needs to organize t-shirts into sizes so it doesn;t become a disorganized mess.

Also, the video team is asking for one or two people to work with them and babysit equipment when they lave it on rooftops for time lapse shots. Can we dispatch two volunteers to them for the night?

Thanks!

Hi Diana,

No worries. I understand. Before we proceed we have a few questions and would like to have you come present to the BID Board at our meeting on March 2, from 8:00 a.m. – 9:30 a.m. Would you be available to attend?

As far as the questions, can you please let me know which property owners have agreed to sponsor locations and where those locations are? Would there be a requirement for the BID to solicit additional locations or would we just start with these?

With regards to the budget that was provided, is the estimated cost of \$18,400 what would be paid to the BID for managing the program? What do you estimate would be the revenue from both sponsorships and donations?

Thanks so much.

Hey there,

Thank you so much for meeting with me last week! I wanted to see if you have any other questions or any updates? The Councilmember would like the funds to go towards the new initiative C3, not sure if you're familiar with that but I'm happy to fill you in. We're actually really excited about that and think its such a great idea. That's another question that has been figured out and he did approve the locations so I would like to run them by you as well if this is something you are all interested in.

With that, the program is definitely on its way with just a couple last minute things to hash out. Happy to jump on a call if needed. Let me know what you need from me.

Thanks

Diana

Thanks Blair, will let our teams know - will this chalk writing be on only sidewalks or will the writing also be put on other objects? Also is there a sample of the wheat posters that we can include in that directive?

FYI CD14 is launching a new guerrilla marketing campaign for a new Councilmember initiative in Downtown. You will see chalk paint stencils that say "DTLA FWD" on sidewalks and streets along with wheat posters plastered on preapproved construction sites. Please instruct your clean team not to take special means to remove these items. If we are power washing a section of sidewalk that day no worries -- otherwise it's not something to send a water truck out for...Many of you may not deal with this like we do at Art Walk time but thought you should be aware.

Hi there,

Thank you so much for your support of Night on Broadway. Your partnership allows us to deliver this amazing event to tens of thousands of Angelenos, and we're really grateful for your help.

**If you plan to attend the event, please join Councilmember Huizar at the festival stage (at 3rd Street) at 8pm on Saturday, so you can be recognized for your contribution to helping us make Night on Broadway 2016 a reality.**

The event is shaping up to be really something. The roster is at [www.NightOnBroadway.la](http://www.NightOnBroadway.la) under event guide, or download the mobile app for the event - it's available on PlayStore, App Store and Windows App.

So that we can be properly prepared, please kindly let me know the following two things:

(1) If you are attending the event, so, I can leave line pass wristbands for you and a guest at the event headquarters under your name. These will allow you to avoid long lines to get into the theatres, and will also allow complimentary admission to the after event party at the Globe (we will be in the mezzanine) if you plan to stay late. Also, if you need parking, please let me know and we can arrange that as well.

(2) If you can join Councilmember Huizar at the festival stage (3rd Street) at 8pm.

Again, thank you very sincerely.
